Report of School Board.

It is with a degree of satisfaction that we review the work and results of our Schools for the past year. Our teachers have endeavored to faithfully discharge their duties, having been greatly encouraged by the visits of parents and citizens.

By referring to the school registers, we find that thirty eight adult citizens have visited the school the past year, and some several times. We believe this to be an omen of good and hope that the practice may be continued until everyone will consider it a duty to visit each term of school at least once.

If you will do this we are sure that many of the prejudices and unjust criticisms against teachers would be done away with.

We are encouraged by the support given us in decreasing the number of schools in town. Opposition to the new law is fast disappearing and we are of the opinion that as its provisions are better understood it will be fully endorsed.

Therefore we cannot refrain from predicting greater prosperity for our schools. Union of purpose can accomplish more than large appropriations. So while you have been generous with the latter, we believe you will not be found wanting in the former.

Respectfully Submitted,

HERBERT F. HODGDON,	} School Board

JAMES A. BENNETT,		Tuftonboro.
